

Dear

The Montana Bureau of Mines and Geology (MBMG) is grateful for your recent donation

As you may know, generous donations by individuals and companies over the past 4 decades helped the MBMG create a rich geologic, mining and mineral information research repository for geologists, government agencies, and the public.

Again, I thank you for your generosity. It is only through gifts such as yours that our collection of historical materials can grow. We will put these items to their best use. If you have any questions, please feel free to contact me.

Sincerely,

John Metesh, Director

Cc: Montana Tech Foundation
